Cuba Humanitarian Crisis Appeal

YOUR HELP IS URGENTLY NEEDED

People in the Cuba are facing a deepening humanitarian crisis.

Fuel shortages, power outages, and the lasting impacts of Hurricane Melissa have disrupted daily life and essential services across the country.

The Canadian Red Cross is continuing to help those affected by the ongoing and evolving humanitarian crisis in Cuba, including the impacts of recurring climate events and severe economic hardship. Funds raised will support the Red Cross to deliver relief, aid in recovery efforts, and implement resilience-building and preparedness activities for future events.

Please show your support to help the families and communities impacted by this devastating crisis.
